## Technology

- The Wellington School currently provides Chromebooks at no cost to students in Grades 5 & 6.
- Google Apps for Education (GAFE) is used heavily for documents, spreadsheets and presentations in the Middle School in most of the students' classes.
   GAFE allows a student to complete homework at home on any device with internet access without needing specific software or operating systems.
- Chromebooks must be kept on the school premises at all times and are to be returned to the locked cart by 3:30 p.m. on a daily basis.
- Personal electronic devices are not permitted during the school day without a teacher's permission.
- All students must provide headphones or earbuds for use with the Chromebooks.
